Nuclear
Soviet attempts to "pass the buck" Nuclear disarmament
- Shah: "always try to freeze" Warsaw into permanent inferior position

China:
- The Chinese should not be satisfied just yet
- Tencent in history - treated less satisfied
- Turned under heaven

"And we are not separated by a wall, a wall"
- Pacific Ocean is friendship. India as our friendship in the people's tradition.
- 1. People with different philosophy, friendship is not nearly over,
- 2. We compete with our friends
- 3. We compete vigorously, essentially
- "We hope this new era will be approached in a new spirit!"

What they want:
1. Build up their world credentials
2. Taiwan
3. Get U.S. out of Asia

What we want:
1. Indo-China (?)
2. Commit to return China to peace in Asia
3. Reduce threat of conflict by China

What we both want:
1. Reduce danger of confrontation and conflict
2. A more stable Asia
3. A restraint of N.S.P.O.

"Trust. We stand for our Nation, for people, for prosperity. We speak to the world, its hope for a better life.
China can be a story, as with it would be."
Mr. J.M. Chou, Chuan Ching, and our families
from China to the U.S.

Tonight marks the end of our war with P.R.K.
It is a week that has changed the world.

On behalf of all the Chinese I express our gratitude for the treatment hospitably
you have extended to us.

1. We severely condemn the inhuman action of
Communist China, the destruction of
our friends, the betrayal of
the strength of Chinese people.

2. But more important that what we say
Communist is what we do. To build a
bridge! edifices of cooperation on a deal
of 16,000 miles, 22 years of hostility.

We hold the hopes of million in our
hands. China, America, people
of China, people cooperate can spread

make better peace and peace
for people that peace together
to stand together for our peace, into future
of 1 year, we shall build a new world.
All the people in world will thankful
Chairman Chang, P.M., on China's future:

We have been issued a joint statement. Many will concern the front if war-minded at all. It is important what we do in the years ahead.

But remember what Stalin said in the Commoner: "It's what we do in the years ahead..."

If not, the letter, not the spirit.

However diligently we work to find meaningful undertones, will serve the cause of genuine progress for China and our people.

May peace and progress in the world.

It is a world that has changed the world.

We thank our friends for your every support of your help in our efforts to build.

We have the example of Japan, the way forward the leader of quiet change.

And, we believe...

We have the opportunity to talk with Mao, China's leader of 900 millions.

A world we have earned.
